OBJECTIVE OF EXECUTIVE COUNCIL

The objective of Executive council is to execute the policy and broad guide lines framed by Governing Council.

FREQUENCY OF BOARD MEETINGS

The Board of Governor, as far as practicable, meets once in every year and the meeting of an Executive council is held once in every 3 months.

Nature and Extent of Involvement of faculty and student in academic affairs/improvement

All the faculties of the college are fully committed to impart education to best of their ability. The full coverage of course curriculum prescribed by the University is carried out in class itself. In order to ensure the full strength in the class, the student who are absent in more than 25% total held classes are detained from University Examination. Students are required to take prior permission for any leave by Proctor/CCAA.

In each semester, students are required to appear in two mid term tests which ensure the continuous study throughout the session.

Substitute arrangements are made for the vacant classes due to leave/absence of faculty to ensure full engagement of classes.

Mechanism/Norm & Procedure democratic for good governance

In order to ensure the democratic governance of the college the major policy and broad guidelines are framed by the Board of governor (Governing Council) which consists of more than 9 members where the decisions are taken by majority.

These guidelines and policies are further executed again by Executive council consisting of 7 members.

The Executive Council is chaired by the Principal Secretary, Govt. of Rajasthan, Jaipur.

However the faculty members (HOD) and Registrar representing the teaching and non teaching employees of the institute participate in the Executive council, which ensure the effective

representation of them to express their views and decisions are taken by majority. Each agenda item of the meeting is discussed at length where all members are provided opportunity to express their views in the Executive councils with regards to implementation of the policy which gives them a sense of feeling of belongingness to organization and ensure commitment towards organization.

Student Feedback on Institutional Governance/Faculty Performance

In order to know the feedback on institutional governance, the HOD concerned and faculty discuss with the students about the working of the institute, the areas of improvement & weaknesses. The views of the students are communicated to the Principal who discuss the same with the HOD's concerned staff and then efforts are made to introduce the improvements in the interest of institute as a whole & students in particular.

The Principal and HOD's concerned take the feedback about the syllabus covered in the classes, understanding of the subject being taught in the class by the faculty. Accordingly improvements are made in the imparting of instructions through assigning subject to faculty as per their strength, motivating them to make thorough study of the subject and improving the way of delivery by making it more interesting and easy approach.

GRIEVANCE REDRESSAL MECHANISM FOR FACULTY, STAFF AND STUDENTS

In the institution conducive environment has been created wherein faculty, staff and students can express their grievances freely. The faculty is free to discuss their grievance with the Principal from time to time. The Principal of the institution takes care of their grievance.

The efforts are made to redress the grievance by taking appropriate measures.

The faculty and staff may also interact with the Chairman Executive Council.

For students, a complaint box is kept in the Principal Secretariat where in the aggrieved students may drop their grievance which are kept before Principal who tries to redress it himself by taking appropriate measure or referring to Dept. / Section/Concerned.

In addition to this, for each group of student of 15-20, a tutor has been appointed and assigned them task of having a discussion with students concerned with regard to problem being faced inside and outside campus. These problems are discussed with HOD and Principal and appropriate actions are taken accordingly to resolve them.

Number of Scholarship offered by the Institution and Amount***Scholarships***

A scholarship is an award of access to an institution, or a financial aid award for a student to further education. Scholarships are awarded on various criteria usually reflecting the values and purposes of the donor or founder of the award. The Student Affairs Department administers numerous undergraduate and postgraduate scholarships and awards. These awards are based on academic achievement and may include other selection criteria such as cast, family income etc. Many are awarded automatically based on the criteria adopted by AICTE. Others require the student to complete an application form. The Student Affairs Department invites applications from eligible students at the beginning of each study term. Application deadlines vary in different scholarships. The Institute provides facility of Scholarships to the Students in various schemes. Some of which are:

- Tution Fee Waver Scheme
- Social Justice & Impowerment Deptt. Scholarship
- Merit Cum Means Scholarship
- Distt social welfare Deptt U.P. Sholarship

INTERNAL CONTINUOUS EVALUATION SYSTEM AND PLACE

The university examinations are held at the end of each semester in the month of December/January, and April/May. In order to ensure the continuous evaluation two midterm tests are held in each semester carrying 20% weight age of total modules. In addition to this under the lab classes, the 60% weight age of total marks is given to the work done in lab classes, attendance and quiz.
